

# 2018 Big Horn District Mission Team

---

(The year after the names for all officers except the Chair of Nominations is the year service in this position began; anyone in these offices are elected for 2 years (unless they are finishing someone else's term) but might stay up to 4 years in that same office. For the Committee on Nominations, the notation of "Class of" and a year is the assigned last year of service on the committee. Each person on the Nominations team is assigned a service length of 1-4 years. The Class ensures that not everyone on the team leaves at the same time. If you are interested in any position, contact the Nominations team.)
